dc.description.abstract	„Cultura fizică” și „sportul” sunt considerate, în primul rând, în termeni sociali, ca fiind o sferă specifică a vieții societății (cultura fizică și sănătatea), o sferă educațională (de formare și dezvoltare a specialiștilor din domeniu), precum și una competitivă (generatoare de venituri și avantaje competitive). În al doilea rând, din punct de vedere economic, ca ramură a sferei nereproductive, acest domeniu constituie un tip de activitate	ru_RU

Știința culturii fizice (The Science of Physical Culture)

The Scientific Theoretical Journal "The Science of Physical Culture" was founded in 2005 and it is a biannual appearance, published by the State University of Physical Education and Sport, Chisinau, Republic of Moldova. Conceived as a scientific publication, it reflects and calls into question the results of the scientific and didactic-methodical activity of the teaching staff. It is intended for specialists in the field of physical culture and sport, scientific collaborators, teachers, coaches, PhD students and students. The topic of the inserted papers aims to professional training, sports' training theory, physical education, recreational and recovery physical culture. Over the years, both the volume and the quality of the published materials essential have increased. In the Journal "The Science of Physical Culture" the articles are published in Romanian, Russian and English, being respected the international editorial conventions. All articles are carefully evaluated and subjected to scientific and literary drafting by a competent editorial board with extensive experience in the field. The authors of the papers have a special national reputation, many of them publishing together with prestigious scientists from abroad. The Journal "The Science of Physical Culture" is with open
